

# LUNCH & LEARN

## Setting Standards in Healthcare

### EXTENDING PATIENT CARE THROUGH HIPAA COMPLIANCE

#### EXCLUSIVELY FOR OUR STUDENT NURSES

Did you know reports of healthcare data breaches are currently averaging more than one per day? Understanding how to properly handle your patients' health information is key to keeping you and your patients safe and secure.

This informative discussion led by Debi Carr, CEO of DK Carr and Associates, a Cyber Security and Compliance firm specializing in Healthcare, is your chance to:

- › Discover the rules and regulations of HIPAA
- › Understand how HIPAA affects you and your patients
- › Learn how to use HIPAA correctly and prevent violations
  - › Ask the expert anything

Lunch is on us! Don't miss this great opportunity.
